02 / INTRODUCTION

WHAT IS ORAKZAI BOND?

Orakzai Bond ek blockchain-based decentralized lottery system hai jahan users directly smart contract ke zariye participate karte hain.

*No manipulation. No hidden system.
Pure smart contract logic.*

Fully Transparent

Har transaction blockchain par publicly visible hoti hai

No Manual Control

Kisi bhi manual interference ke baghair chalta hai

Smart Contract Powered

Code is law — automated, immutable, trustless execution

HOW IT WORKS

01

CONNECT WALLET

User apna crypto wallet
securely connect karta hai

02

DEPOSIT ENTRY

Fixed 100 tokens deposit
karo — no hidden fees

03

POOL CREATION

Smart contract
automatically pool create
karta hai

04

LOCK DURATION

Lock period complete
hone ka intezaar karo

05

WINNERS SELECTED

Smart contract impartially
winners select karta hai

WIN

Winners

Reward directly claim karein

REF

Non-Winners

Full refund automatically
available

FAIR

Equal Chance

Fair system for everyone — no
bias

KEY FEATURES

WHY IT'S DIFFERENT?

● Traditional Lotteries
Centralized – No Trust

● Orakzai Bond
Decentralized – Pure Trust

Fully Decentralized

No central authority controls the system

Smart Contract Based

Code executes automatically without intermediaries

Transparent On-Chain

All transactions verified publicly on blockchain

No Human Interference

Automated selection — zero manipulation possible

Auto Winner Selection

Algorithm picks winners fairly and instantly

Refund System

Non-winners get their full deposit returned

TRUST IS BUILT

INTO THE SYSTEM — NOT PROMISED

TRANSPARENCY SYSTEM

- All transactions public on blockchain
- Smart contract verified on-chain
- No backend manipulation possible

SECURITY ARCHITECTURE

- Funds controlled by smart contract only
- No third-party control or access
- No hidden fees — fully disclosed
